*******Ballet 5, 6 , 7 & 8: Hair must be in a bun**

II Punctuality

- It is important to arrive on time for your class; you will be prone to injuries if you do not warm-up properly.

III Cancellations

- **During bad weather, please check our facebook page for cancellations. In addition, e-mail notices will be sent. A make-up time will be provided for cancelled classes (that are not Scheduled Closings).**

IV Absences

- Make-up times will be given to students for missed classes if desired; no refunds or credits will be given. Please note if a student drops for a month, a place in class can not be reserved. If the student wishes to return after having dropped from a class, the re-registration fee would be due, subject to place availability. However, if a student is absent for a month and continues to pay tuition, he/she can make-up all the missed classes, a place in class is reserved for the student, and the re-registration fee would not be required.

V Injuries

- As in with any sport, there is a risk of injury. The studio takes necessary precautions to prevent injuries. The waiver and release of liability is required to be signed by every student's parent or guardian.

VI Scheduled Closings

- Tuition is based on four weeks in a month. There are enough months with five lessons during the year to make-up for the weeks during which the studio will be closed and full tuition will be due. These are:
 - Week after our June Dance Concert
 - Labor Day week
 - Two weeks during Christmas
 - Additional holidays: Wednesday and Friday during Thanksgiving week and Memorial Day Monday.
- Since these are built into your tuition, there will not be a scheduled make-up for these dates; you are, however, welcome to attend a make-up class with another level if desired.
